

Seven Republican Friends of League Work Hard for Ratification.

RESERVATION IS BAIT FOR VOTES.

Changes Advocated Claimed to be Conservative.

Twenty Members of Majority Party are Needed.

Economic Sections of Treaty are Discussed.

(BY A. P. NIGHT WIRE.)

WASHINGTON, Aug. 2.—Public hearings on the economic sections of the Versailles treaty virtually were completed today by the Foreign Relations Committee and early next week Secretary Lansing probably will be questioned by the committee regarding the treaty's political features.

At today's session Bernard M. Baruch and F. W. Taussig, economic advisers to the American peace delegation, explained how the Peace Conference reached some of its decisions regarding German reparations, reparations and indemnity. Their testimony largely was technical in character.

The committee's meeting was virtually the only surface development of the day in the treaty situation. The Senate devoting its attention to legislation and reversing its position on the treaty fight only once. That was when, without debate or a roll call, it adopted a resolution by Senator La Follette, Republican, Wisconsin, asking the President why Costa Rica was not permitted to sign the treaty.

Meanwhile the undercurrent of private discussion among Senators continued to revolve about the program of four reservations presented by seven Republicans as a basis for ratification of the League of Nations. Plans were made for a conference Monday at which the sponsors of the plan hope to gain the accession of other Republicans who have been friendly to the league.

It was made plain today that it was not the intention to try to preserve the exact form of the four reservations in the negotiations to increase the number of their supporters. All of the seven are said to be ready to make some concessions in phrasing in order not to handicap the effort to bring into final agreement enough Republicans to hold the balance of power.

NEED 10 REPUBLICANS.

Should the number of Republicans subscribing to this agreement reach twenty it was pointed out the group would be in a position to place in the hands of the administration a definite and concrete reservation program insuring ratification of the covenant. Forty Democratic votes are regarded as necessary for the ratification of the league principles. The total required for ratification is sixty-four.

Development of the treaty situation among the seven are making an effort for the present to consider features of the treaty other than the league covenant. Some of

Are We Soon to Become a Race of Baldheaded Men?

PROF. JOHN H. AUSTIN, bacteriologist, hair and scalp specialist of Chicago, who is now at Hamberger's, talks most interestingly about the hair.

He says that baldness is increasing rapidly among men and points out some of the reasons.

Prof. Austin says dandruff causes 75 per cent. of cases of premature falling out of the hair.

Prior to investigations and discovery of the past few years dandruff was considered simply a collection of scales of the outer cell tissues of the scalp combined with an oily matter. From these careful investigations it has been found that dandruff is a parasitic disease of the scalp called "seborrheic eczema." The parasites that produce this disease grow down into the cylinder-shaped depression at the roots of the hair, destroying the hair cells.

Seborrhea is "Catching"

By careful experiments seborrhea was found to be contagious. An animal was made of vaseline and the scales from a man's head and then rubbed into the backs of guinea pigs. The pigs contracted the disease and became bald. Likewise the disease has been contracted by man and wife, either wife or husband being free from it before marriage.

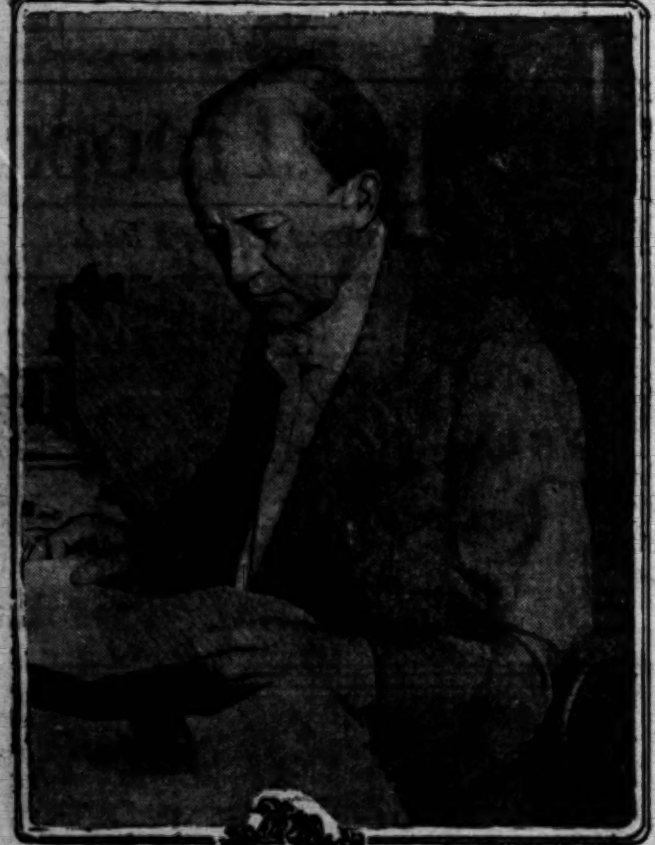

Prof. Austin examines the roots of your hair with a powerful microscope. He finds out just what is the trouble with YOUR HAIR and then tells you what to do for that trouble.

Prof. Austin has devoted forty years to studying the hair and scalp. He says the use of dandruff cures, mange cures, vaseline and hair tonics is like taking medicine without knowing what you are trying to cure. The particular trouble with which your scalp is afflicted must be known before it can be intelligently treated.

During the past four years Prof. Austin has made thousands of free microscopic examinations of the hair and scalp of Hamberger's patrons. Private office, second floor, Hamberger's, hours, 10 to 12 a. m. and 6 to 8 p. m.

it and not because of our interests there. We should take pains to have the people understand that we would be helping them against Carranza and they would be with us. If we did not go at it in just the right way, Carranza might be able to call on the people for support and many of them would be with him. Mexico at present is so sick and weary that if the matter were handled properly it could be done."

President Wilson today transmittal to the Senate a report prepared by Secretary of State Lansing in response to the King resolution, inquiring what steps the government has taken and is taking regarding the settlement of claims by Americans for loss of life and property damage in Mexico.

assurance that we would help them financially and restore their industries how would they receive it? asked Mr. Campbell, after stating that he had asked Ambassador Fletcher the same question and had received the reply that such a sort of conditions might be exacted. "I think I am more fitted to answer that question than Mr. Fletcher because he has not studied the people," said Mr. Gates. "The people would accept our aid if we went about it in the right way, sympathetically—the way that Hoover went to Belgium—and not in a patronizing way. They would say, 'Thank God, you have redeemed us.'"

"You think the solution of the Mexican problem, though, is getting rid of Carranza?" continued Mr. Campbell.

"Yes," said Mr. Gates, "and getting rid of him with the least damage. I am surprised that some of our people haven't done the job before by financing a revolution."

"Do you mean that you would go into Mexico with a military force?" asked Mr. Kravitz.

"I don't know just how it should be done," said Mr. Gates. "We should take a humanitarian view of the situation."

MASS OF BUSINESS SHUTS CHANGE.

(BY A. P. NIGHT WIRE.)

SAN FRANCISCO, Aug. 2.—The San Francisco Stock and Bond Exchange, for the first time in its existence, remained closed today for the announced purpose of giving the brokers and their employees an opportunity to catch up in their work. According to brokers, the volume of local business for the first seven months in this year has been unusually heavy. Late in the afternoon many of the brokerages have been obliged to work nights in an endeavor to keep account of the day's transactions.

committee had agreed that steps could be taken by Congress which would alleviate the situation at once, but it was said at Mr. Hines' office nothing final had been decided upon. The committee was instructed particularly to deal with profiteering and to suggest how law enforcement agencies should proceed to bring to justice men guilty of extortion through unreasonable prices. If any recommendation is made by Congress it is believed most likely that it will deal with sale of the wheat crop at market prices and to investigate the price increase of the loss between the price and the \$2.25 guaranteed the farmer.

PRESIDENT GETS REPORT.

Congress continued to discuss the living question and at the White House President Wilson was said to be receiving full reports on all phases of it. The Senate adopted a resolution asking the Banking Committee whether reduction of the currency inflation would help the situation. On the House an attempt to recess for two weeks was blocked by Missouri, because his resolution to have the Federal Trade Commission to investigate the situation was not acted upon. He said prices of shoes had increased from 75 per cent. to 115 per cent. in the last three months and that the prices of the last ten years.

Mr. Igoe presented a statement which placed net earnings of the Central Leather Company for the quarter ended March 31, 1919, at \$23,345 and told the commission this was an increase of more than 100 per cent. over the preceding quarter and a gain of 93 per cent. over the corresponding period of 1918.

TENANTS PAY TAX.

In support of a resolution, Mr. Igoe asked that the Rules Committee bring to the House's attention his proposed inquiry of whether dealers were recouping their war taxes by advancing costs. He said a Baltimore dealer, who had sold 400 apartments, was advertising that his tenants must sign an agreement to pay a tax sufficient to meet his higher taxes.

Introduction in the House of a government bill to deal with the employees participating in the control and profits of the roads was made today by the four Brotherhoods that the high cost of living demanded the operation of the country's most important transportation service rather than for profit.

Heading the request of President Wilson, the House tonight abandoned its five-week recess, scheduled to begin with adjournment tomorrow.

House leaders announced that plans would be perfected tomorrow to permit members to go home under a three-day continuous recess program, their return to be simultaneous with the presentation of administrative plans for lowering living costs.

GOVERNMENT PRICE LIST.

In the sale of government food by parcel post or to municipalities the prices have been fixed on a scale which shows a substantial reduction from current market lists. Where purchase is by parcel post the buyer pays the postage. The price list follows:

Meats: Corned beef, No. 1 can, 10 cents; No. 2 can, 8 cents; six-pound can, 22 cents; Roast beef, No. 1 can, 15 cents; one-pound can, 41 cents; two-pound can, 65 cents; six-pound can, 22 cents.

Corn beef hash, one-pound can, 23 cents; two-pound can, 40 cents. Bacon in crates, 34 cents per pound; in twelve-pound tins, 36 cents per pound.

Vegetables: Baked beans, No. 1 can, 15 cents; No. 2 can, 12 cents; String beans, No. 1 can, 11 cents; No. 2 can, 8 cents; Corn, No. 1 can, 12 cents; Peas, No. 1 can, 11 cents; Tomatoes, No. 1 can, 11 cents; No. 2 can, 13 cents; No. 3 can, 15 cents; No. 4 can, 45 cents; Pumpkin, No. 2 can, 6 cents; No. 3 can, 5 cents; No. 4 can, 24 cents; Squash, No. 2 can, 6 cents.

The number of cans available for sale in each commodity range from 22,028,225 of the No. 3 cans of tomatoes to 1025 cans No. 10 size, of pumpkins. The largest amounts otherwise are 15,000,000 No. 1 cans and 19,000,000 No. 2 cans of corned beef, 15,000,000 each of the one and two-pound cans of corned beef, 15,000,000 cans of No. 8 size baked beans, 15,000,000 No. 3 cans of corn, 10,000,000 pounds of crates of bacon, and 6,000,000 of bacon in twelve-pound tins.

CALLS RAILROAD RAISE A HOLDUP

great brotherhoods forced Mr. McAdoo to grant an increase of \$754,811,000. Not satisfied with this, Director-General Hines was held up for another annual increase of \$675,000,000, and now we must legislate so that they will get another billion dollars.

"They come like highwaymen and threaten to destroy the railroad activities of this country after October 1 unless their demands are met."

Government ownership of the railroads is proposed in a bill introduced today by Representative Sims, Democrat, Tennessee. The measure embodies the plan which has been endorsed by the four brotherhoods and the American Federation of Labor, and which was presented to Congress by the House of Representatives by Glenn E. Plumb.

Under the bill operating control of the railroads would be vested in a directorate of fifteen, five appointed by the President, five by operating officials and five by employees. Holders of 4 per cent. bonds, which the government would issue for the purchase of the lines, and the employees would share equally in the earnings of the roads. Representative Fitzgerald, of Massachusetts, called the House today to advocate increased wages for all government employees.

"In view of the President's stand regarding increases for railroad employees," said Mr. Fitzgerald, "something should be done for all classes of government employees, all of whom are notoriously underpaid."

SCHUMANN-HEINK IS ON MISSION OF LOVE.

(BY A. P. NIGHT WIRE.)

NEW YORK, Aug. 2.—Wearing a service bar with four stars, three for sons who fought for America and one for a fourth son who died in the service of Germany, Mme. Ernestine Schumann-Heink sailed for Amsterdam today. The prima donna explained that her mission to Europe was to bring back to America the two children of her boy who lost his wife while in command of a German submarine.

The children—a girl of 12 and a boy of 19—will be brought to the United States, Mme. Schumann-Heink said, so that she may make "wonderful Americans" of them.

SHOPMEN STRIKE WITHOUT A VOTE.

More than 250,000 Disregard International Officers.

Men Dissatisfied with Proposals of President.

Demand Increases Dating Back to January 1.

(BY A. P. NIGHT WIRE.)

CINCINNATI, Aug. 2.—More than 250,000 retail shopmen of the country were idle tonight as a result of the strike called yesterday by the Federated Railway Shopmen's Union, union officials of the organization said tonight, with the strike spreading and no indication of an immediate settlement in Washington.

The men are out to remain on strike until their demands for 88 cents an hour for machinists and 75 cents for helpers are granted, John D. Saunders, secretary, said. Regardless of what the international officers of the various unions may be doing in Washington, and they are making no announcements, the rank and file of the men have determined not to be intimidated by the wrecking crew, Mr. Saunders said, and no violence will be tolerated.

By Monday, Mr. Saunders said, virtually every railroad in the country will be affected.

TAKING OFFICIAL VOTE.

WASHINGTON, Aug. 2.—Disaffected with President Wilson's proposal to have Congress create a special body to meet on their demands, or consider them in connection with the high-cost-of-living problems, the railway shopmen today took an official strike vote. The shopmen contended that the railway czar board of the Railroad Administration should pass on their demands and, failing favorable action, a strike of 400,000 men is threatened.

"We shall continue to endeavor to settle the demands by negotiation with the railroad administration, pending receipt of the strike vote. That will, when taken, simply center the power in the hands of the men who have been impatient of the delay," said the committee.

"The first effect of the call for a vote will probably be the ending of the present strike, which has taken out a considerable number of shopmen over various sections of the country who have been impatient of the long delay that so far intervened. Walkouts have been unauthorized but we expect that the men will return when they see the organization intends action in a united front."

BOSTON VOTES STRIKE.

BOSTON, Aug. 2.—Union railroad shopmen of the local district of the New York, New Haven and Hartford Railroad at a mass meeting tonight voted unanimously to strike. The men, who said they have received appeals from the Chicago union to join in a general strike, disregarded the advice of their international officers by voting to strike.

VIENNA, Friday, Aug. 1.—Bela Kun, the Hungarian communist dictator, has resigned and been succeeded by a Socialist government, according to a telephone message from Budapest.

On receipt of news from the front that created consternation in Budapest, Kun, at a meeting of the Soviet Socialist, became pale of face and with his back to the wall declared: "Very well. If you demand it, I must resign. I made the best fight I could."

Capt. Thomas C. Gregory, the United States Food Administrator in this region, is credited with a large share in the hastening of Bela Kun's retirement.

Capt. Gregory arranged tonight for food relief for the hungry. He is bringing up supplies from the Banat region and also sending them down the Danube from Austria.

Minister of Foreign Affairs, Peter Agoston, said today that the government of War Haubrich, Minister of War, Joseph Haubrich, Minister of Justice, Paul Garami, Minister of Welfare, Alexander Garbai, Minister of Commerce, Dovohak, Minister of Education, Stephen Szabo, Minister of Home Affairs, Karl Payer, Minister of Agriculture, Joseph Takacs, Minister of Finance, Joseph Miklos, Minister of Food, Kittileofer, Premier Feidl is said to be a courageous man of simple habits. He has been a typographer, an editor and a model worker.

Minister of War Haubrich, formerly was Chief of Police at Budapest and is reputed to be an anti-communist. Minister of Justice Garami and Minister of Education Szabo were in the Karolyi Cabinet.

Persons in touch with the situation at Budapest said it was their understanding that the members of the Kun ministry holding over under the reconstruction were doing so in order to save themselves and their supporters and they probably would not remain in office long.

LONDON, Aug. 2.—A dispatch to the Exchange Telegraph Company from Budapest says it is official reported from Budapest that the government of Bela Kun has resigned. The dispatch says that a Socialist government, the dispatch says, Budapest is orderly today following.

VIENNA, Friday, Aug. 1.—Bela Kun, the Hungarian communist dictator, has resigned and been succeeded by a Socialist government, according to a telephone message from Budapest.

On receipt of news from the front that created consternation in Budapest, Kun, at a meeting of the Soviet Socialist, became pale of face and with his back to the wall declared: "Very well. If you demand it, I must resign. I made the best fight I could."

Capt. Thomas C. Gregory, the United States Food Administrator in this region, is credited with a large share in the hastening of Bela Kun's retirement.

SAYS PRISONERS SLUM PRODUCTS.

Intelligence Officer Tells of Prison Farms.

Inmates Mostly Foreigners and Malcontents.

More than 45,000 Desertions During Argonne.

(REUTERS DISPATCH.)
 PHOENIX, Aug. 2.—That western men need take no offense at the statement of Col. Grinstead that most of the men in Farm No. 2, were deserters and A. W. O. L. for the simple reason that practically no western men were ever sent there, was the statement by Lieut. Fred Wright, former intelligence officer of the One Hundred and Fifty-eighth in France.

"I certainly should be well informed in the matter of the men who went to and were sent away from the farms," said Lieut. Wright, "for I was in charge of the receiving and separating station, and all these men passed through my hands on the way to and from the farm."

"Farm Number 2 was in charge of Lieut. (Hardy) Smith and designed to receive men charged with desertion and A. W. O. L. That was the type of men sent there. I saw them all, checked them up as they came from the military police at the farm and sent them to the various farms."

PRODUCT OF THE SLUMS.
 "Most of these men were the product of the slums of Eastern cities, caught in the draft. Easily 75 per cent of them were either foreigners of one sort or another, or men of the malcontent type. I.W.O.'s and the like. They were not westerners, the westerners were not that kind of men. Of all the thousands

that passed through my hands, I am confident that less than 100 were from the West, and most of them, believe, were picked up by mistake by the M. P.'s in Paris while they were transferring from incoming to outgoing trains. Most of the men sent to that farm were bad."

"There are a lot of things the public does not know about the army," continued Lieut. Wright, "for instance, I know of one man, who passed through my hands and was sent to the farm 11 times. He would be caught A. W. O. L., sent to the farm, re-equipped and sent to join his command. He would throw away his equipment, jump off the train and beat it, only to be picked up again. He simply would not fight. He was not a fighting man—not a patriotic American, and there were hundreds, thousands, like him. But they were not the type of men we took from Arizona."

THOUSANDS ARE DERECTERS.
 "Many people never heard that there was an official statement issued from headquarters that at one time, in the Argonne drive, 45,000 men from the A. E. F. were A. W. O. L., which simply means that 45,000 men had slipped away from the front in one of the most critical periods of the war, to avoid doing their duty, to avoid risk, because they were afraid. But they were not Arizona."

"I saw the farm and its occupants many times," continued Lieut. Wright, "and never saw any evidence of anything worse than general discomfort. This applied to the soldiers on guard and the men in confinement. In my opinion the whole thing was a matter of lack of personnel to handle the large number constantly being sent to the farm, and of lack of equipment. The equipment was requisitioned all right, but it was dreadfully slow in arriving. At one time the place got so congested that Gen. Strong got permission to ship out 1000 of the men to their own units without equipment, as he did not have it and the various headquarters did."

"As to Smith, I do not know that he was or was not guilty of misconduct. But this I do believe, that whatever he did he was convinced should be done."

AMERICA READY FOR ALLIED LOAN

National City Bank to Have Charge of Arrangements.

Bond Issues Floated are to Have Dollar as Basis.

Credits Arranged for Necessary Food for Germany.

(REUTERS DISPATCH.)
 THE HAGUE, Aug. 2.—Essendon Meserve, vice-president of the National City Bank, after traveling around Europe, spent a few days in Holland before returning to New York and talked with several bankers on the scheme for a special American loan.

It is said now that Frank A. Vanderlip's project of a general loan, which should be shared by enemy and Allied countries alike, has met disapproval, especially in France. In Amsterdam financial circles it is considered that this was the cause of Vanderlip's resignation.

C. J. K. Van Aalst, president of The Netherlands Overseas Trust and one of the most prominent financiers in Holland, speaking to The Times correspondent, said:

"Mr. Meserve returned to the United States with new plans for a national loan. The proposal is to float an entirely American loan, issuing the bonds in America for dollars, chiefly for purchasing raw materials. Mr. Meserve wishes to send American commissions to every country to investigate conditions and ascertain what quantity of raw materials are needed, which are to be bought in America as far as possible."

SECURITY IS PROBLEMATIC.
 "Of course, the question of security is difficult, but there are railroads, factories and private property which can be mortgaged in exchange for credits. Private credits have already been granted on a small scale, especially in the occupied districts of Germany."

"The National City Bank, Mr. Meserve said, intended to open branches all over Europe even if it cost \$1,000,000. He also stated his opinion that the countries which are able to do so must go to the assistance of others."

Mr. Van Aalst, like other Amsterdam bankers, believes that an international bankers' conference would be a great help, especially in the matter of loans. He added that the people must be convinced that credits for foodstuffs for Germany had already been arranged.

BLACK BAN FIRE'S RESULT.

(BY A. P. NIGHT WIRE.)
 CHICAGO, Aug. 2.—As a result of a fire which early today destroyed six blocks of homes of stockyard workers, negro labor at the yards will be barred to prevent a possible recurrence of race rioting. This announcement was made tonight after a conference of Gov. Lowden and the bankers.

The stockyards had been a storm center of racial feeling during the riots of five days this week, and with the disappearance of serious outbreaks yesterday, it had been planned for the 15,000 negro workers to return to their posts at the yards tomorrow. But the fire, which many of the foreign workers who were made homeless declared was started by negroes, aggravated feeling and changed the plans.

Although Fire Attorney McCabe declared many witnesses had told him negroes had been seen to set fires in the neighborhoods, Gov. Lowden was inclined to believe that labor trouble rather than race feeling was responsible.

Except about the stockyards racial feeling seemed to have subsided tonight.

FRENCH MEET CREDIT ISSUE.

(REUTERS DISPATCH.)
 PARIS, Aug. 2.—Though there have been rumors for months that an American financial group was on the verge of taking up the exchange problems, nothing definite has yet appeared in regard to it. Now it is announced that the French are taking up the matter independently.

The Finance Ministry has put before the Chamber a project for a law to create an organization called the Credit Nationale, with an initial capital of 100,000,000 francs, in which are to be associated leading French banks, industrialists and business men.

The Credit Nationale will be empowered to give credit up to a total of 500,000,000 francs to French manufacturers, business men, importers and inhabitants of the invaded regions engaged in reconstruction work whose ultimate cost is to be met by the German indemnity.

CREDITS ALL IN FRANCE.
 All these credits will naturally be given in francs, even where foreign purchases are concluded, leaving the exchange question to be handled by the Credit Nationale itself. It will do this by an issue abroad of bonds guaranteed by the French government, and later, if this proves to be a success by an issue of bonds of its own. It will also discount abroad, if desirable, bond issues corresponding to the German payments.

There was a report here some months ago that a group of American financiers proposed to discount in the United States bonds guaranteed by the German indemnity. From this nothing developed and it is hoped that the Credit Nationale will be a step into the breach.

The new project is especially interesting as proof that the French authorities at last realize how great the success of post war reconstruction depends on a solution of the exchange problem.

SAYS JAP PRUSSIAN METHODS ARE FATAL

(BY A. P. NIGHT WIRE.)
 CHICAGO, Aug. 2.—Japan is beginning to "awaken out of her medieval sleep" to realize that her "Prussian" methods must be changed, declared William Potter, formerly American Minister to Italy, who stopped here today on his way East after a three months' stay in Japan.

"No fair-minded person can travel through Korea, Manchuria, Peking, Chianfu, Nanking, Shanghai and other parts of China and not realize the universal distrust, rapidly growing into hatred, which is felt by the people of these countries against the military arrogance and aggressiveness of Japan," Mr. Potter said. "Unless Japan changes her present military policy she is doomed to isolation and today this means decadence."

(Continued from First Page.)

States, Cabinet and ex-Cabinet members, a former President, soldiers and others in various fields of activities. The most conspicuous boom and boomlets at this time are on the Republican side. The Democrats are active for various reasons. Of the Republicans, the show is given today to Frank O. Lowden, Governor of Illinois; Senator Warren G. Harding of Ohio, who has been in the field probably longer than any other Republican aspirant, and Maj. Gen. Leonard Wood, commander of the Central Department, U. S. A. LOWDEN BOOM LAUNCHED.

The Lowden candidacy was given special prominence in the House yesterday when Representative DeLoach of Illinois addressed his colleagues on the qualifications of the Illinois Governor for the Presidency in the present crisis. No sooner had he concluded than Ohio Congressmen stirred up the Harding boom and it is evident that from now until convention time next summer these two men are to be kept in the foreground. Both of them may be classed as appealing to the regular Republican organ- ization and each has industrial back- ground. Both are men of action who have brought their names to the East with a view to smothering some of the latent booms for lesser candidates.

Gov. Lowden has many champions in the House of Representatives and more so in the Senate. Representative Smith of Illinois, who was a candidate against him for the gubernatorial nomination in 1916, Smith delights in telling of that campaign when his friends had prepared to groom him for a man of humble origin, making a special play on the fact that he was the son of a blacksmith. The "son of a blacksmith" was launched and was ready to be surprised of the Smithites, the Lowdenites came forward with the claim that their candidate also was the son of a blacksmith, making it 60-50 on the humble origin.

Lowden's father was primarily a farmer," said Representative Smith today, "but he ran a blacksmith shop. My father was a blacksmith as a first issue and nothing else. No one can deny, however, that Lowden was enough of a blacksmith's son to put an end to underscoring that feature of my campaign."

Ohio managers of Senator Harding insist that the Republican candidate for President next time must come from Ohio. "In order to put Ohio back in the Republican column," they say, "they are Gov. James M. Cox, Senator Harding has many friends in the party, was the chair- man of the Hughes convention in 1916 and the "keynote" speaker on that occasion. Many of his friends are best known for his candi- didacy among influential Republicans, particularly in the East and the West. In fact, the probability is that he will be the Republican candidate or would-be candidate.

A MILITARY CANDIDATE.
Gen. Wood, entirely without his sanction, has been brought forward as the leading military candidate of the Republicans. It is true that there has been much talk of induc- ing Gen. Pershing to accept the Presidency on his war record, but the commander-in-chief of the United States has been left to the Republicans. The military leader who has been heard of "it for months."

The Wood boom has gathered considerable momentum in all parts of the country, but of late there has been a counter-move against it, engineered by Republican leaders, who fear that a soldier candidate would be a disaster to the party. The soldiers will not vote for a military man for President. A Republican leader, who has been recently seen in Washington conferring with party men, said that a careful canvass of the situation had convinced him that both the farmers and the soldiers will not support a military man for President.

GERMAN AGENTS WANT POTASH EMBARGO OFF.

WASHINGTON, Aug. 2.—German agents are largely responsible for the efforts being made to have the embargo on potash imports lifted, it was learned today at the State Department.

American fertilizer manufacturers are said to be anxious to secure the cheap German product and the State Department is endeavoring to compromise the situation by granting that the fertilizer manufacturers use certain proportions of American potash in their manufacture, and export the remainder from Germany.

SEATTLE, Aug. 2.—An announcement was made last night that Skinner and Eddy Corporation, construct four large steel ships its own account as soon as ways are available.

On the Democratic side, everybody is wondering what President Wilson is going to do. Some of the Demo- cratic leaders say that it may be necessary to smash all precedent and nominate him for a third term in order to finish the peace job. They insist that if the peace treaty with the League of Nations is not ratified in Washington this fall that Wilson will have to carry the fight to the country and that to do so he must be nominated by the Democrats next year. Interesting in this connection was an announcement today that a southern newspaper had addressed a series of questions to leading Demo- cratic papers of the south with a view to determining the trend of opinion there. The questions and replies were:

(1.) Should President Wilson be re-nominated? Replies: Yes, 20 per cent.; no, 60 per cent.; doubtful, 20 per cent.; no expression, 10 per cent.; dependent on Senate's action, 5 per cent.

(2.) Could President Wilson be re-nominated if he became a candi- date? Replies: Yes, 40 per cent.; no, 15 per cent.; doubtful, 10 per cent.; no expression, 10 per cent.; dependent on Senate's action, 5 per cent.

(3.) Could President Wilson be elected if nominated? Replies: Yes, 30 per cent.; no, 40 per cent.; doubtful, 15 per cent.; no expression, 10 per cent.; dependent on Senate's action, 5 per cent.

DEMOCRATIC SCRAMBLE.
If President Wilson refuses to be a candidate for a third term the Democratic scramble will be as lively as the Republican. There are many booms and boomlets ready to be sprung. In the Senate the most formidable candidates are Gilbert M. Hitchcock or Nebraska, former chairman of the Foreign Relations Committee; Pomerehne of Ohio, Owen of Oklahoma, Oscar Underwood of Alabama, and George E. Chamberlain of Oregon, who gained especial prominence in resisting the admission of the Philippines to the United States. Outside the Senate leading Demo- crats insist that former Secretary of the Treasury McAdoo of New York, "the Crown Prince" as he has often been referred to, still is to be reck- oned with, although Mr. McAdoo has said he is not a candidate. In the Cabinet are two possibilities, Sec- retary of War Baker, or Secretary of the Interior, the Attorney-General.

OHIO A BATTLE GROUND.
Ohio is to be the scene of a lively Democratic scrap, there being three candidates seeking to grab the State delegation to the national conven- tion. They are Gov. James M. Cox, Secretary Baker and Senator Pomerehne. The three-cornered scramble is already exciting interest within the State.

Other Democratic possibilities frequently mentioned include the Hon. William J. Bryan, Secretary Daniels, former Speaker Clark and former Congressman Hobson. Bryan and Hobson are also men- tioned as probable champions for the prohibition party in the next campaign.

McADOO A FAVORITE.
The same newspaper poll referred to above on the Wilson propositions showed opinion on other Democrats. In the event that Wilson should be eliminated, as widely divided. McAdoo was the favorite, being men- tioned by 15 per cent. of the polled, 40 per cent. giving him preference above all others.

The next highest were: Baker and Palmer, tied, 20 per cent. each. William Jennings Bryan came fourth with 15 per cent. Underwood, John Sharp Williams and Gov. Cox of Ohio, each received 10 per cent. of the vote. Pomerehne, Hitchcock, Hobson and Secretary Daniels each received about 5 per cent.

The city's sale of foodstuffs from the government, based on individuals will be called on Tuesday morning sections of Los Angeles and also at the harbor. The price of bacon will be 10 cents a pound, the actual cost, but just what it has not yet been determined will not be on sale. The city will be a city for resale a little later. Yesterday arrangements were made for the city to purchase the original order of bacon and sugar, and as a time of deliveries is approaching, the sale days will be announced. A large shipment of all of the supplies are at actual cost. The city will be practically a city for resale a little later. The city vehicles are drying; the women's committees, under the direction of J. T. Anderson, will handle in most cases the placing of the actual cost. The original intention of the government to handle this bacon at each place has been abandoned was found that in many

The government bacon costs averaging from two to three cents a pound, says Col. D. A. D. It is a thick, heavy, firm, salty, but it is a "breakfast bacon," therefore it is well to place it in water and parboil it for a few minutes before it is fried in a pan. It is said to be superior to any other cured meat.

MRS. EMMARICE WAS ASTONISHED

For Thirty Years Could Find Nothing to Help Rheumatism.

Trouble Ends in a Few Weeks After She Takes Tanlac.

Words Cannot Express Her Gratitude, She Declares.

Remarkable, indeed, was the statement made recently by Mrs. Emma C. Rice, who resides at 9308 Baring Cross, Los Angeles. Mrs. Rice declares that four bottles of Tanlac have completely relieved her of a rheumatic trouble which she has been trying for thirty years to overcome. Here is her statement:

"Some astonishing things happen in this world and what Tanlac has done for me in the past few weeks is one of them. I had suffered with a severe pain, like rheumatism, in my back for thirty years, and while I was under treatment a number of times and tried many different kinds of medicines, I got no relief. Then in January of this year I caught a severe cold and my hands became so affected with rheumatism that I was unable to use them to do my work. I was also badly run-down and so weak I could scarcely keep up and about."

"After reading in my home paper where so many friends and neighbors had received such good results from Tanlac I decided to try it myself and words can't express my gratitude for what it has done for me. The pain disappeared from my back before my first bottle of Tanlac was gone. I am now on my fourth bottle and feel better than I have in thirty years. The rheumatism has also left my hands completely and I am now able to do my housework and attend to my chickens and little garden without any trouble whatever. Tanlac certainly is grand medicine and I can recommend it to everyone, especially those suffering from rheumatism and a run-down condition."

The stomach regulates the condition of the blood and is the fountain head of health or disease as the case may be. Tanlac is intended primarily for the regulation of the stomach and the correction of catarrhal inflammation, but it is an uncommon thing for persons who have used it to find that it has relieved them, not only of indigestion but also of rheumatism, kidney complaints and many other ailments not generally recognized as having their origin in stomach trouble. Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Company.

Careless Use of Soap Spoils the Hair

Soap should be used very carefully. If you want to keep your hair looking its best, most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle and ruins it. The best thing for steady use is just ordinary mild soap or oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifold benefit at any pharmacy. It's very cheap and a few ounces will supply every member of the family for months.

CAMOUFLAGE IS A WAR WORD

That fits splendidly into a description of PURLETT'S, the popular candy laxative. The natural and rather unpleasant tastes of the purgative are completely camouflaged by a candy-like flavor. The pleasant candy taste is in perfect harmony with the action of the tablets—they are completely efficient as a laxative.

PURLETT'S contains no drastic purgatives and, therefore, restores the normal tone of the bowels and tends to establish the normal functions. There are 10 of these candy-like tablets in the 25c box.

PURLETT'S are featured in all stores of The Owl Drug Company—Advertisement.

PROHIBITIONISTS SURE OF WILSON

Expect Him to Sign the Enforcement Measure.

Veto Would Lose Support for League of Nations.

Have no Fears Over Referendums in States.

(EXCLUSIVE DISPATCH.) WASHINGTON, Aug. 3.—In the opinion of Wayne R. Wheeler, general counsel of the Anti-Saloon League of America, President Wilson is not likely to veto the law enforcement code making prohibition effective at the same time he is appealing to the church and other moral forces to support his fight for the League of Nations. Neither is Mr. Wheeler apprehensive as to the results of the referendum attack on the prohibition amendment. "We take no stock in the rumor that President Wilson will veto the law enforcement code," Mr. Wheeler said tonight. "The sentiment of the country is overwhelmingly for an effective code. The administration has appealed to the churches from the beginning of the war to have food, fuel and other necessities which were essential to victory. They responded nobly. The President is now appealing to church bodies to sustain him in his effort to secure a League of Nations. It will not only be wrong but bad policy for the administration to oppose a law enforcement code which carries into effect an amendment for which the church, moral and patriotic forces have been working for more than a quarter of a century."

"We are sure that the referendum attack will fail. The Federal Constitution provides for no referendum and a State law or a State constitution cannot override the national Constitution. From a practical standpoint the result is just as certain. The veto must win in ten States to defeat the Eighteenth Amendment. Outside of Missouri, California and Ohio the liquor dealers do not even have a fighting chance to win. We believe they will also lose in those States."

REPORT SHOWS LESS CRIME. (BY A. P. Staff Writer.) SAN FRANCISCO, Aug. 2.—The first month of prohibition in San Francisco as compared with the month of July in 1918, shows a marked decrease in crime, according to a report prepared here yesterday by the police.

According to the report during July, 1919, there were 2544 arrests for all offenses as compared with 1829 arrests last month; last year 1139 persons were arrested for intoxication during July; this July the total was 254. Eight hundred and fifteen persons were charged with vagrancy in July, 1919; this year the total was 124.

BOSTON, Aug. 2.—Records of the Central Municipal Court show that 764 persons were arrested for drunkenness during July, 1919, as compared with 1196 in July, 1918. The records show, however, that the number of criminal cases is again increasing.

SENATE MODIFIES BILL. (BY A. P. Staff Writer.)

WASHINGTON, Aug. 2.—Work on prohibition enforcement legislation practically was completed today by a Senate Judiciary subcommittee. The measure is said to be less severe than that passed by the House. The subcommittee adopted the House definition of intoxicating beverages—those containing more than one-half of one per cent. of alcohol. BELGIUM STOPS HARD DRINK. (BY CABLE AND ASSOCIATED PRESS.) BRUSSELS, Friday, Aug. 1.—The United States is not the only prohibition country, Belgium having followed suit so far as whisky, gin and other highly alcoholic liquors are concerned. Soon after the armistice was signed a law was passed forbidding the manufacture and sale of such beverages. The largest hotels now are unable to stir up a single drink other than light wine.

ASSOCIATION NOW HAS CHAPTER HERE.

ORGANIZATION FOR BETTER PICTURES ELECTS OFFICERS.

Organization of the local chapter of the Motion Picture and Theatrical Co-operative Association was effected during the past week. This is a branch of the association recently formed through the agency of J. A. Quinn, owner of Quinn's Rialto Theater, in New York, for the stated purpose of improving picture production and the exhibitors, producers and public.

The following officers were elected for the local chapter: President, Mrs. J. D. Taylor, who was for several years president of the Parent-Teacher Association; vice-president, Mrs. Harman S. Darling, president of the Women's City Club; second vice-president, Dr. Jessie A. Russell, president of the State Congress of Mothers and Parent-Teacher Association; secretary, Mrs. Estelle Lawton Lindsay.

At the meeting, short speeches were made by Mrs. Charles F. Gray, president of the Parent-Teacher Association; Mrs. Robert L. Brain, Mrs. H. B. Phelps, Mrs. Lindsay, Mrs. Darling, Mrs. Roselle Bryant, Mrs. R. W. Richardson, Mrs. John D. Coleman, Mrs. T. Joy Hurley and Mr. Quinn.

Mr. Quinn said that he was more than pleased with the co-operation of the women of Los Angeles, and predicted that big developments would take place in a very short time for the betterment of pictures. He said that a general house-cleaning is badly needed in the business, and that Los Angeles will be a very important factor in the correction of many existing evils and will be valuable aid in strengthening the effort throughout the country. He said that the chapters of the association will be organized in every city and town.

Meetings will be held by the Los Angeles chapter in keeping with the work of the national body, it is announced. The main feature of the method by which the association will be operated is that no picture will be released until it has been made up by a committee of producers, exhibitors, authors, artists and patrons.

OFFICER HOME AFTER FEEDING THE SLAVS.

MAJOR TELLS HOW NEEDED FOR BREAD MAKES BOLSHIEV. VIKS IN BALKANS.

MAJ. Harold G. Ferguson, secretary to the American delegation of the United States Food Commission at Trieste, is at his home, 1438 Las Palmas avenue, after two years of service which was begun in the One Hundred and Forty-third Field Artillery. His work at Trieste, which is now in Italy, since recent territorial changes, was in association with Capt. T. T. Gregory of San Francisco, who was appointed chief director in Southern and Central Europe.

The two officers went to Trieste in February and established offices, working with the Italians, English and French. On their arrival they found stored 60,000 tons of food sent by America for distribution and their work took them all over the Balkans, the countries including Czechoslovakia, Austria, Hungary, the Dalmatian Coast, Serbia and Yugoslavia.

MAJ. Ferguson, who is an attorney by profession and now in the office of the county counsel, said yesterday: "Between 6000 and 4000 tons of American food stuffs are flowing daily into Central Europe from February 1 of this year until the present have been the cause of such economic permanency as those countries now possess. The so-called Bolshevistic or Communist movements there originate in industrial centers, such as Buda-Pest in Hungary, Vienna, Austria, and in the mining district in Czechoslovakia, but the origin in such districts is due to the fact that industrial life has been paralyzed from lack of coal and transportation facilities, and to lack of foodstuffs. The peasants, or in other words, those who have sufficient food for themselves and their families, are not actively in sympathy with the Communist party."

TO SELL LANDS FOR STATE SCHOOL FUND.

MANY FINE TRACTS IN THIS COUNTY TO GO FIRST-UP STATE SALES LATER.

Los Angeles has been selected as the place for holding the first sale of State school lands, a public auction in accordance with the provisions of an act of the Legislature which has just become a law. This announcement has been made by State Surveyor-General W. S. Kingsbury, who also states that other sales will probably follow in different parts of the State at short intervals.

The first sale, which will be for lands in Los Angeles county only, promises to be a lively one as it is already known that some of the land is most valuable for hunting preserves while other sections have good prospects for oil and minerals. Most of the land is grazing land. The sale will commence promptly at 10 o'clock a.m., Friday, August 23, at the west entrance to the Courthouse here. The terms will be cash or ten per cent. on date of sale with interest on the unpaid balance at the rate of six per cent. per annum. No time limit is set for the payment of the balance of the purchase price. Approximately 5000 acres will be offered for sale in this county in tracts of from 40 to 400 acres. The Surveyor-General reserves the right to reject any and all bids.

The second sale will probably be held in the northern part of the State where there is much valuable grazing land as well as land rich in prospects for oil and minerals. A list of the vacant lands can be had on application to the Surveyor-General at Sacramento. The proceeds from these sales are used for the support of the public schools of the State of California.

OVERSEAS FIGHTERS ARE ASKED TO JOIN.

VETERANS OF FOREIGN WARS MAKE SPECIAL EFFORT TO GET MEMBERS.

With the return to Los Angeles of thousands of men who saw service abroad the Veterans of Foreign Wars are making a special effort to get these soldiers, sailors and marines to join their organization. Any man who during the war fought on foreign soil or in foreign waters is eligible for membership.

James B. Graham Post, No. 3, meets Tuesday at 8 p.m. in Blanchard and Hall Buildings, 331 South Hill street, and invites all men who saw service overseas to attend. One of the main objects of the organization is to enable comradeship formed amid scenes of war to be perpetuated. It also aims to foster loyalty to the United States, to perpetuate the memory of its dead, to assist all comrades in broken health, to care for the widows and orphans of deceased comrades and assist in the enactment of laws which are equitable "to those who sacrificed so much upon the altar of the nation." The hand of comradeship is extended to all who saw actual service in any war with a foreign foe, from the war with Mexico to the recent world struggle. Among the members are veterans who were with Gen. Taylor in Mexico in 1848; men who fought against Spain in 1898; men who helped stamp out the insurrection in the Philippines; men who were in the relief expedition to Peking during the Boxer rebellion, and men who helped drive the Hun back beyond the Rhine.

FOR OLIVE HILL.

Purchasers of Famous Hollywood Property to Erect Home There.

Architects Walker and Egan are preparing plans for a large Spanish style residence to be erected on Olive Hill, Hollywood, for Miss Althea Barnsdell, who recently purchased the thirty-six-acre site bounded by Vermont avenue, Hollywood boulevard, Sunset boulevard and Edgemont avenue for \$300,000. The house will contain seventeen rooms and will have a concrete foundation, hollow tile walls, plastered exterior and tile roof.

Miss Barnsdell expects later to make extensive improvements to the property. She is planning to erect a "Little Theater" on the property, fronting on Hollywood boulevard.

SOLEMN BILL REGAINS FORM.

Boy Wonder Heaves One of His Old-Time Games.

Shuts Out the Beavers in an Exciting Contest.

Portland Chucker Jones Also Twirls Fine Ball.

BY HARRY A. WILLIAMS.

Solemn Bill Pertica became a boy wonder again yesterday when he put Los Angeles another game in the lead by shutting out Portland, 1 to 0. This caused the first inning, and the prodigal son for about six weeks so it was appropriate that the fatted calf which has been pursuing him be slain. Also, he may be likened to the hundredth son, who when he decided to reform and lead a new life, caused more rejoicing and jazz than the ninety and nine who had been knocking around in the fold for some time.

Pertica was due to stage a comeback, in fact, over a year ago. He had done so soon, the chances are that he would have been a star. His comeback, as the score indicates, was staged under the most discouraging conditions.

ONE RUN LEAD. Bill was forced to blank the Beavers in order to make it a successful comeback. The Angels spotted him to a one-run lead off C. Deacon Jones, the first baseman, and Bill was forced to lead off the young thing through eight rounds.

For eight rounds the Beavers swung like an unslung gate in a sloop. In the ninth Speas slung him for a double and Walter lined single to right. Some fancy throwing by Crawford and Kenworthy killed off the tying run at the plate. The return of Pertica and Pertica to winning form has boosted Angel stock considerably. It means that the Angels have four dependable pitchers, or just about the number which Killebrew needs in his business. If the four, meaning Crawford, Brown, Fittery and Pertica, do not weaken, the Angels will remain very much in the race.

LOOKS GOOD.

That sack of silver dollars looks a lot closer to Mr. Powers' hands than it did a week ago. Some of them dreamed last night that they heard the rattle of the coin. In fact, the rattle was so loud in the dream which Rube Ellis had that it awakened his new baby. The child awoke and found it to be only a dream. The next time the child awoke he found it to be only a dream. The next time the child awoke he found it to be only a dream.

MEGS FREE.

Charley McHugh passed out megaphones to the cash customers as they entered the stand. These megaphones, which had a noise guaranteed to fit any month, were handed out free of charge. The megaphones were already loaded and all that the bugs had to do was to holler through them. With thousands blowing large blasts of sound through these funnels, Portland went the way of the megaphone. The megaphones are great stuff. They enable the fans to suck in great quantities of air, and then blow it out again in roisterous chunks. Also, they can cover more territory with their remarks. A funnel on the face gives the voice a scattering effect. Bates, first up for the Angels, took one on the blouse and was waved to first. Fabrice sacrificed, and Fournier fanned. Crawford picked out one that he fancied and flashed it cleanly to center. Bates scored from second. Seeing that he couldn't be slipped, Jones intercepted the throw and fired to blue, catching Crawford, who had started for second. Ray made the tag but Sam was tagged for the third out.

WAS SCRATCH.

The first hit off Pertica was a scratch single by Blue that Kenworthy knocked down back of second in the fourth. Two were out. Blue stole second, and went to third when Basler armed the sphere in to center field. Basler scattered his fire just as though he had been

shooting through a funnel. Farmer

arched a fly to deep center. Bates

weaved around in the general vicinity

of the ball, and it was prob-

ably that Ray isn't an outfielder,

the bugs stuffed both hands in their

pockets and held their breath. Bates

not only got both hands on the ball,

but held them there for the com-

pletion of a sensational catch. Ray

has now mastered the third lesson

in outfielding, which instructs the

player to close both hands on the

wrist down.

Two were out in the third when

Don Rader bumped a triple for the

second hit off Pertica. Ellis was not

expecting Don to drive that far

from the tee and was not playing

deep enough. So the turnip sailed

over his bean for three bases. How-

ever, Rube was laying for Cox, and

nabbed his fly for the third out.

STAGE RALLY.

Portland made no more noise

until the ninth, when the vis-

itaged semi-demi-rally. Mainly

batting for Jones was not as suc-

cessful as on the day before, and

he looked like the pill might

speed by Crawford. Sam cut across

left and partly turning his back

to the ball was able to grab it. He

was forced to whirl clear around,

and therefore not in position for an

accurate pitch.

SNAPS BALL.

So he snapped the ball to Ken-

worthy, and Kopses hurled it home

with all the energy at his command.

Meantime, hoof beats were resound-

ing down the third-base line. The

beats, which were being kept up by

belonged to Speas. But Billy, after

leaving second, turned to look back,

and like a deer caught in the headlights

NATIONAL LEAGUE.

PHILLIES COP BOTH.

CHICAGO, Aug. 2.—Philadelphia defeated Chicago in both games of a double-header today, winning the first game, 2 to 1, in fourteen innings, and the second, 4 to 0, in ten innings. As a result of the double victory the visitors advanced from last to sixth place in the league standing. The scores:

J. CAL EWING IS HERE ON TRIP.

J. Cal Ewing, owner of the Oakland club and one of the chief powers in minor-league baseball, and Tom Stevens, stockholder in the San Francisco club, arrived here yesterday. Various constructions have been placed on their presence here, chief of which is that it may have some connection with the Coast League meeting, which may be held soon to pass on President Baum's resignation. However, Stevens says that neither knew the other was in the city.

Ewing came on a Pullman. The former leaves for Catalina tomorrow, where he will pass a fortnight fishing.

OAKLAND AGAIN TRIMS TIGERS.

Wins Out in Tenth Inning on Guisto's Smash.

Mitchell Pitches Good Game, but Weakens.

Bengal Errors in Eighth Spell Their Undoing.

(SPECIAL CORRESPONDENCE.)

SAN FRANCISCO, Aug. 2.—Louis Guisto, hitting the ball boys, so look out for the Oaks. The big fellow, who was gassed in France, while teaching the Huns where to head to, was dizzy and uncomfortable when he first started to play ball this year but he is getting his land legs now and he broke up the game today with a terrific smash against the left field men on the Tigers. In the tenth inning, he hit a home run to win the game 4 to 3, in ten innings.

Two electric flammable plays of the dime novel variety pulled Buzz Arlett out of trouble in the ninth and tenth and then the Stacks stepped out and won in the tenth. The score:

WILL CONSERVE
COMING RAINS.

Pomona Flood Control Plans
are Well Advanced.

Two Dams to be Serviceable
During Next Winter.

Prepares to Construction to
be Hurried Along.

Substantial work will be done this summer on a masonry dam in Live Oak Canyon and a rock-filled dam at the mouth of Thompson Creek. The material in the conservation of the coming winter, according to Willis E. Jones, in charge of flood control work in the Pomona Valley. Plans to be followed in expenditure of money for flood control have been approved by the State Engineer, W. F. McChure, and by W. J. Regan, chief engineer of the flood control district in Los Angeles county.

Two engineers were at Pomona last week and went over the dam with Engineer Jones. They examined themselves as well pleased to co-operate with Mr. Jones in getting the work started at the earliest possible moment. As a matter of fact, considerable work has already been done.

The dam in Thompson Creek will be just north of the hill which is northeast of the Gales goat ranch. It has been found that had the dam been built at the foot of the hill, it would be a rock dam. Hence it is probable the dam will be a rock dam. The dam is 150 feet wide and height of 15 feet. Such a dam will impound 100 feet of water; it will take four hours to fill it with water running 12,000 inches. Such a dam, it is said, will be large enough to control the stream coming from Thompson Creek and the water will be saved for the valley. A rock-filled dam will impound the reservoir filled for any time of time as the water will be held back.

IT USED TO BE

that clothes, other than tailor-made, were ignominiously looked down upon. They were styled HAND-ME-DOWNS! They were for the COMMON PEOPLE. That was when the ready-to-wear art was young.

NOW IT'S DIFFERENT. The tastiest dressers of the world are now DEVOTEES of the ready-to-wear habit.

AND WHY? Because the high-salaried, brainy creators of ready-to-wear clothes

HAVE STARTED SOMETHING! They've mastered the matter of fit and now ORIGINATE and all others must follow!

And what the ready-to-wear folks originate IS STYLE and all the little kinks that go with it.

And it's style and kinks that the young fellow must have and the older fellow, too.

Now, getting right down to the minute: We've banked heavily for Fall styles on the HOUSE of KIRSCHBAUM—famous for stylish all-wool clothes. None better in all America.

Early Fall shipments are now on display. We want you to see them. Kirschbaum clothes are all wool. They're handsomely tailored and very stylish. Appropriate models for every taste and shape of man.

WILL REHEARSE BANK ROBBERY WANT TO TAKE MILLION VOLTS?

Prosecution in Harris Case Stage Demonstration.
See the Invisible that Way, Says Dr. Strong.

With Safe Door and Burglar Tools to do Trick.
"Electrical Aura" Drawn Out by Huge Krotona Coil.

Evidence for State will be in by Wednesday.
Investigative Try to Locate Elusive Vibrations.

Visual demonstration of just how the vault of the First National Bank at Artesia was forced by burglars last March 25 is expected to be seen in Judge Taft's court tomorrow morning by Deputy District Attorney Clark, who is conducting the prosecution of Lewis B. Harris, accused of having led the gang that looted the bank and stole money, bonds and postage, Thrift and War Savings stamps worth some \$20,000.

It is proposed to place on exhibition a vault door. The tools and other appliances that it is alleged Harris and the gang employed to force an entrance will be utilized to demonstrate just how the trick was turned.

When Harris was arrested at the scene, there was found in the apartment where the accused is now held a complete set of burglar's tools—braces, coils, fuses and other up-to-date appliances.

Harris's true name is Benjamin Saliba, and he was born and raised on the East Side, New York. He was a Jew. In New York, November 11, 1914, he was sentenced to a year in Sing Sing for burglary. He was later paroled, but violated the terms of his release and was sent to Auburn, where he served out his term. November 11, 1918, he was arrested at New Orleans and given a jail sentence for having in possession a set of burglar tools. His third arrest was at Baltimore, Md., on a charge of burglary, but he escaped from jail there July 1, 1919.

A copy of the indictment charging him with jail breaking was received by Sheriff Cline yesterday, and he is held for future developments.

He has been known during his career by a number of aliases, among them Lewis Davis, Edward Samuels and his present assumed name, Lewis B. Harris.

Harris denies he escaped from Baltimore jail, but declares he simply walked out after he made a financial settlement with those having him in charge. During the present trial, he claims that Harris used money following his arrest at Denver have been by indulged in both in and out of the court. City Detective Frank McCabe, whose testimony thrust Harris into a frenzy of denial yesterday, that a member of the Denver police force had suspected of taking money from Harris. "The investigation is not yet over," said Mr. McCabe. He openly charged in court last week that Harris had paid for protection following his arrest in Denver.

It is also a part of the story of the suspected Denver officer is a man who, after Harris was arrested at the apartment occupied by Harris, immediately checked the tell-tale office of the Denver Terminal building, where it was afterward covered.

It appears that Frances Kennedy came into the prisoner's life when she was a manicurist at a hotel in Hill street in this city a few months before the Artesia job. It is believed testimony for prosecution in Harris's trial close Wednesday, but the court the defense is problematic, although Harris declares he will not go the stand.

The date of the trial of Frances Kennedy, who has been indicted in connection with the Artesia job, will be fixed in Judge Taft's court tomorrow morning. It is on calendar regularly to be set. The understanding the State will set upon placing the woman on immediately and that Deputy District Attorney Vas Cotti will charge of the prosecution.

COURT DISBELIEVES PORT-LIVED BLISS. INFIDELITY CHARGE.

TELLS WIFE IN DENYING FOR DIVORCE SHE MAKES CHARGES RASHLY.

"I don't believe a word of it," declared Judge Wellborn in speaking of charges of infidelity made by Madeline M. Fisher against her husband, Loren G. Fisher, in a Margaret Phillips was named co-respondent. The court, in ruling a suit brought by Mrs. Fisher for separate maintenance, and divorce sought by Mr. Fisher, cross-complaint, completely acquitted the co-respondent and the husband of the wife's charge. A statement on the part of Fisher's attorney that it was at times impossible to completely such charges, brought the decision from the court that the charges both with relation to the alleged respondent and Mr. Fisher were absolutely unfounded. The only defense, it was pointed out by the court, that tended to in any substantiate the charges were statements made by Mrs. Fisher relating an alleged conversation with her husband. The husband denied the charges.

AUTHOR OF NEW MOT ACT EXPLAINS IT.

The practical workings of new motor vehicle act were discussed before the City Club yesterday by Hon. Frank L. Eklund, member of the State Legislature from San Mateo, and author of the act. Mr. Eklund severely denounced the "road hog" and thoughtless people who insist on their visiting from the automobiles stopped in the ways.

He also dealt upon the provisions of the bill that directly affect trucking and have auto bus lines, and that this will have upon rural communities. Mr. Eklund believed California is far in advance of States in regard to motor transportation, and that it will continue to hold this lead.

Thank You!

It is, and it will continue to be the endeavor of Bullock's to merit your confidence, the expression of which is illustrated on this page in actual photographs of Bullock's Entrances just before 9 o'clock on Friday morning—the first hour of *Bullock's Annual Clearance*—which will continue throughout the month—

The Important News Today, however, is of Monday, August 4

—and the undiminished momentum with which this "One Sale of the Year"—*Bullock's Annual Clearance*, will move forward—With Opportunity after Opportunity in every section of the store; with merchandise of the Bullock standard, the result of months of careful preparation, at prices that, for the same reason, are less in many instances than the market cost for the same items today—So plan to come on Monday—no matter what you may need—plan to come to Bullock's and participate in the savings that are offered in Bullock's August Clearance "The One Sale of the Year." If you do not know "Ask your Neighbor."
